

Out of Egypt: Biblical Reflections on the Book of Exodus

The Book of Exodus records the growth of God's people from slavery to freedom, from oppression to worship, and from under Pharaoh's bondage to a bonding with God. In the process, the divine deliverance met with human limitation, wherein ten plagues, idol worships, recurrent complaints occurred alongside covenant making and the giving of ten commandments. In the midst of all these events, God is surprisingly engaging and committed to his people. So, what will be our responses to God's grace and deliverance?

Seminar includes a Passover/Seder meal

**SFI Seminar, Saturday 25 May 2019 (9am to 2pm) Berea,
11C, Jalan Gertak Merah, Johor Bahru Speaker: Dr Elaine
Goh**
