INTRODUCTION TO THE ENNEAGRAM OF PERSONALITY

This introductory workshop on the Enneagram will help us get to know ourselves, particularly our compulsions and our path towards growth. Out of the many personality type tools (e.g. MBTI, DISC, etc.), the Enneagram is one which has multiple layers of depth and can offer us additional insights into ourselves that the other tools cannot. It is used widely within certain Christian spirituality traditions to add a deeper dimension to knowing oneself for the purpose of spiritual growth. Often it is helpful to know why we do what we do and how that can affect how we work with and minister to others (healthily or unhealthily!). Here is an opportunity to grow and for God's work of redemption towards wholeness.
